November 10, 2009

President of the United States  
The White House  
Washington, DC 20500

Dear Mr. President:

As Members of Congress, we believe that women should have access to a full range of reproductive health care. Health care reform must not be misused as an opportunity to restrict women's access to reproductive health services.

The Stupak-Pitts amendment to H.R. 3962, The Affordable Healthcare for America Act, represents an unprecedented restriction on a women's access to health insurance coverage of reproductive health services.

We respectfully request to meet with you during the week of November 16<sup>th</sup> to discuss reproductive health in health care reform and ensure the rights of all women are protected.

Sincerely,

*Patsy Mink*
