The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
U.S. House of Representatives  
Washington, D.C. 20515

Dear Chair Cole and Ranking Member DeLauro:

I am requesting funding for Quantum Computing Research and Workforce Development in fiscal year 2026. The entity to receive funding for this project is the University of Denver, located at 2112 E Wesley Ave, Denver, CO 80210.

The funding would be used to purchase equipment to enhance quantum computing research and economic development. This project is an appropriate use of taxpayer funds because this investment will support the University of Denver in developing the next generation of quantum workers which enhances our domestic, economy, and national security.

This project has a Federal nexus because the funding provided is for purposes described in section 272 of title 15, United States Code.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Diana DeGette  
Member of Congress
