Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Denver International Airport Electrification Plan project in fiscal year 2024. The entity to receive funding for this project is the City and County of Denver, located at 1437 Bannock Street, Denver, CO 80202.

The funding would be used to implement a study to build an inventory of available electrical capacity across DEN's 53-square mile campus, provide projections for future electrical demand by use and location, and develop an actionable roadmap that considers cost and equipment lead time to ensure that electrical power is available when and where it is needed. The project is an appropriate use of taxpayer funds because it will allow for electrical power to be available when needed at the third-busiest airport globally.

The project has a Federal nexus because the funding provided is for purposes authorized by 49 U.S.C. 47100 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Diana DeGette
Member of Congress
